DECOR STUCCO

## PRODUCT DESCRIPTION

Raffaello Decor Stucco is a protagonist in the great decorative tradition that re-proposes in a classic version the famous stucco effect of the Venetian masters. Formulated using natural lime, the product gives a superb smooth finish that can be made into a shiny "marble effect" by working the product with an inox steel trowel. Extremely vapour permeable, anti-mould, Raffaello Decor Stucco is available in a wide range of historical colours that are present in the majority of the palaces and buildings of Florentine or Venetian style.

## CHARACTERISTICS

Raffaello is a natural stucco based on lime putty, oxides and earth, inspired by the tradition of the venetian stucco. The product is extremely versatile and supplies a smooth, matt finish or gloss if finished using the trowel.

Its natural composition guarantees the maximum permeability to water vapour thus favouring the natural diffusion of humidity through the plaster and the wall, preventing the formation of mould and algae and giving the surface a classic finish with a high aesthetical value.

## A Great Tradition

Among the historical styles of application, the so called "venetian stucco" holds without doubt the role of the protagonist. Synonymous with class, prestige and attention to detail, stucco applied by highly artistic venetian craftsmen, has left many incredible marble finishes through the renaissance and baroque periods as a testimony to its importance. Raffaello Decor Stucco re-proposes this great classic that is appreciated today even in modern design, using new colours and application techniques. Raffaello can therefore satisfy all kinds of decorative requirements, from the matt finish for modern design or sophisticated settings, to the gloss or semi-gloss finish for a more classical style environment.

## CHARACTERISTICS OF THE PRODUCT

- HIGHLY DECORATIVE
- VAPOUR PERMEABLE
- NATURAL
- PRESTIGIOUS
- TRADITIONAL

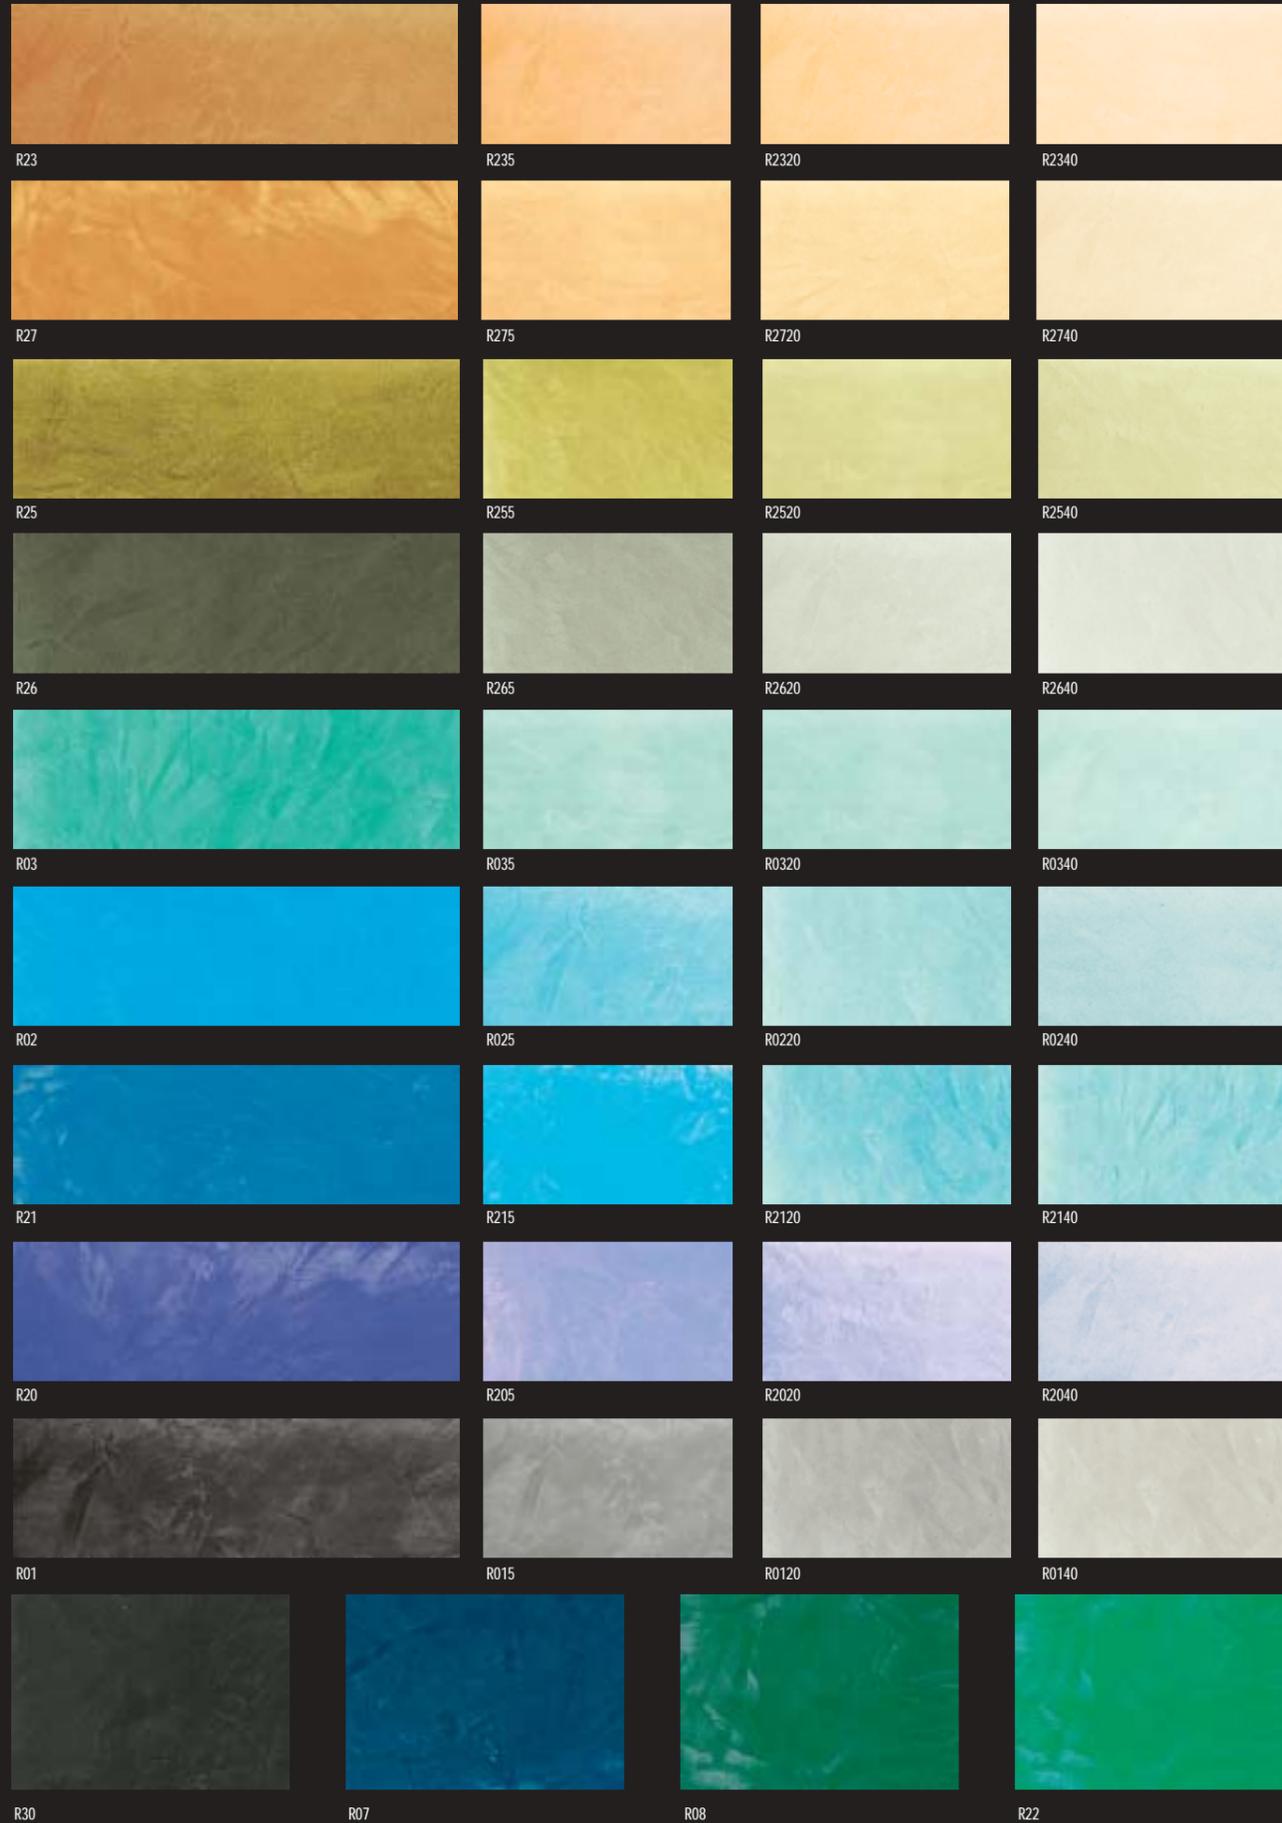

The charm  
of stucco

Where something prestigious is required, where any sort of standard coating does not meet expectations and where it is important to maintain historical value, Raffaello Decor Stucco is the answer.

**Raffaello Decor stucco is perfect for those who are looking for prestige and a classic finish.**

A wall, a column, a simple architectural element, once decorated with Raffaello Decor stucco, take on a new value and can become the focal point of an interior.

The shades of this colour chart should be considered as being purely indicative in as much as they are reproduced through the print process. OIKOS does not accept responsibility for eventual claims for colours that have been chosen from this colour chart. It is advisable to check the chosen colour by means of a live sample.

# The famous stucco of the masters from Venice

*Raffaello*<sup>®</sup>  
DECOR STUCCO

A balanced composition, easy to work with, a finish of enormous prestige. With Raffaello the great venetian stucco returns with all the experience of Oikos.

**Raffaello Decor Stucco is available in a mother of pearl version (ask for the illustrative leaflet)**

## The value of an eternal tradition

Since its foundation, Oikos has been committed to the enhancing of many decorative solutions that have been left as an inheritance from the mediterranean and Italian traditions. In particular, the company, born in the north east of Italy, immediately studied the cultural basin of the northern adriatic coast, where stucco has left some of its most prestigious testimonies. Originally created to simulate marble, the technique of "stucco veneziano" has become, over the years, a widely requested solution of great decorative value, esteemed and repropoed all over the world.

## Simply un-imitable

Raffaello Decor Stucco revives, even in its formulation, traditional materials, in as much as only by using real lime putty is it possible to obtain an authentic matt finish or an esteemed gloss finish when applied in the traditional manner.

In the selection of the colour shades, Oikos has dedicated special attention, placing alongside the more classic tones, new proposals that expands the range of uses of Raffaello to both modern and innovative settings, where Raffaello fits in with new requirements at the same time maintaining its class.

## In the past and the future

In the surrounding images, some examples of the splendour of Raffaello Decor stucco. The variety of uses of this extraordinary product go from the more traditional collocations to the more novel inventions of modern designers who have reinterpreted the potential of Raffaello using it in different situations to create a rich backdrop.

# With a finish that is famous all around the world

## A touch of class that doesn't go un-noticed

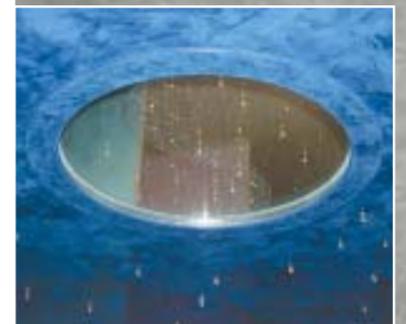

In embassies, important hotels, prestigious restaurants and in the intimacy of private homes, Raffaello adds a touch of un-imitable class that makes an environment stand out. Its finish has gained ever growing favour and in many foreign countries Raffaello reposes the charm and history of Italy.

## When an extra idea is needed

The uses of Raffaello Decor Stucco are highly propense to large, luxurious spaces, but this product can give high quality results even in smaller settings that need to be enhanced. Raffaello Decor Stucco gives a personal and precious atmosphere to smaller environments, giving smaller spaces a note of enlightened beauty.

## Raffaello Decor Stucco

### Technical Characteristics

**RAFFAELLO DECOR STUCCO** by OIKOS is a vapour permeable coating based on lime putty, that is ideal when reproposing the antique decoration known as "the marble effect". The use of RAFFAELLO DECOR STUCCO guarantees maximum vapour permeability and favours the natural diffusion of humidity through the plaster and the wall thus avoiding, over time, the formation of mould and algae. It is odourless, non toxic, non inflammable and friendly to humans and the environment.

### Ideal uses

Decoration of interiors.

### Surface preparation

Clean all surfaces and apply one coat of the fixative IL PRIMER by OIKOS in order to insure perfect adhesion to the surface.

### Application technique

For the best results, apply the product in three coats using the special inox steel trowel by OIKOS.

- First coat: proceed to screed the surface with RAFFAELLO DECOR STUCCO. Wait 6 ÷ 8 hours until dry.

- Second coat: proceed to lightly screed the wall in order to obtain a completely smooth but not glossy, surface. Wait 6 ÷ 8 hours until dry.

- Finish: apply a fine coat of product, overlapping slightly the trowel marks whilst at the same time proceeding to smooth over the surface with the blade of the trowel.

According to the intensity with which the surface is smoothed over and the tool used to create the finish, it is possible to obtain a matt, semi-gloss or gloss effect.

### The finishes

To obtain greater impermeability and washability, apply after 4 ÷ 5 days CERA PER RAFFAELLO by OIKOS.

### Technical characteristics: Application

**Dilution:** ready to use

**Yield:** 1,1 ÷ 1,7 m<sup>2</sup>/kg

**Application tools:** Inox steel trowel by OIKOS

**Fixative:** IL PRIMER by OIKOS

**Protection:** CERA PER RAFFAELLO by OIKOS

**Application temperature:** +5°C ÷ +36°C

(with relative humidity not exceeding 80%)

**Drying time - touch dry:** 1 h

(temperature = 20°C with relative humidity at 75%)

**Total drying time:** 20 ÷ 25 days

(temperature = 20°C with relative humidity at 75%)

**Tools cleaning:** water

### Technical Characteristics: the product

**Composition:** lime putty, natural additives, inorganic iron oxide based pigments and coloured earth.

**Specific weight:** 1,5 kg/l ± 3%

**pH:** 12 ÷ 13

**Viscosity:** 60.000 ÷ 80.000 CPS Brookfield (RVT 20 revs/min. a 25°C)

**Storage temperature:** +2°C ÷ +36°C. Keep from freezing

**Reaction to fire:** negative if the product is applied on a non inflammable base, water based material with dry thickness of less than 0,600 mm

**Permeability to water vapour (SD):** 0,05 m

(max limit allowed 2 m, DIN 52 615)

**Colorurs** shades of the colour chart

**Packaging:** kg 1 – 5 – 20

**Warning:** - Avoid prolonged skin contact: eventually wash with plenty of soap and water. If the irritation persists seek medical advice. - Avoid contact with the eyes. In the event of accidental contact with the eyes, wash thoroughly with a sugar water solution. If the irritation persists seek medical advice.
