The new face of a Classic

PRODUCT DESCRIPTION

Raffaello Madreperlato is the mother of pearl finish that gives a precious pearlescent effect to the better known Raffaello Decor Stucco. It is especially indicated for the decoration of interiors where an extra touch of class is required.

The natural composition of the product, guarantees the maximum permeability to water vapour and long lasting protection against the development of mould and algae.

CHARACTERISTICS

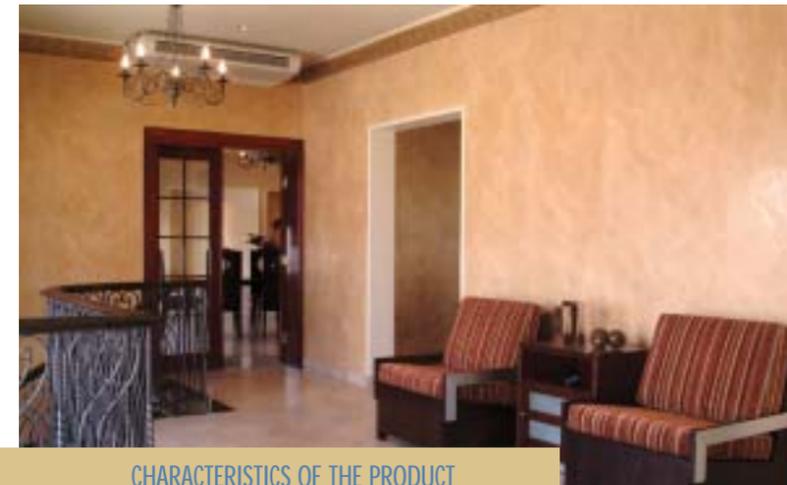

Raffaello Madreperlato is a sought after finish based on lime putty and special pearlescent pigments that is used as a finish on Raffaello Decor Stucco; after application the green and gold metallic pearl reflections add a touch of prestige to any environment.

The products natural formulation is characterised by high vapour permeability, washability and is non toxic: as for the entire Oikos production, it is solvent free and friendly to humans and the environment.

Raffaello Madreperlato adds a new and precious image to the traditional stucco finish. In this way wall surfaces maintain unaltered all the prestige of the effect obtained with Raffaello whilst increasing the decorative impact with a classy pearlescent finish.

Spaces are illuminated and take on varying golden reflections according to the combination of the colour used in the base of Raffaello and the wide range of colours in the mother of pearl finish.

The colour chart in this brochure offers some suggested colour combinations however real comprehension of the result, that is impossible to effectively display in print, can be admired in live samples, supplied by OIKOS distributors.

OIKOS does not accept responsibility for eventual claims for colours that have been chosen from this colour chart; it is advisable to check the chosen colour by means of a live sample.

Pearlescent Reflections for the walls of your dreams

An artistic finish of great impact

With Raffaello Madreperlato modern decoration has reached the highest levels of artistic expression. To the already elegant stucco finish, Raffaello Madreperlato adds a translucent veil that takes on precious variations according to the technique of the decorator that carries out the application.

Oikos has elaborated a rich selection of colour shades with which it is possible to achieve infinite variations according to the base colour of Raffaello Decor stucco.

A leader in interior design

The wide range of modern colours together with the freshness of a metallic decor and the warmth of the golden finish, open the door to a world of possibilities that range from the decoration of classic settings to the finishing of modern design environments.

A product that should be highlighted

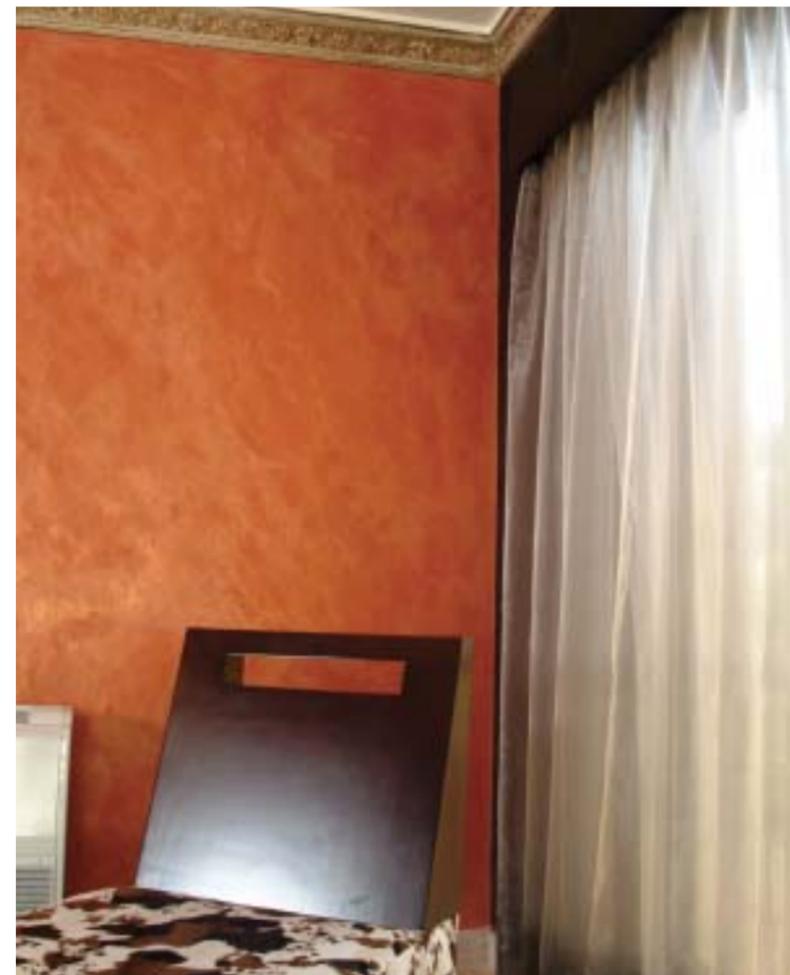

The presence of sources of light (natural or artificial) notably enhance the application of Raffaello Madreperlato, whose pigments capture light and reflect it back in incredible rays of colour.

Raffaello
DECOR STUCCO *Madreperlato*

The product is especially indicated for the decoration of panelling, columns, profiles and other architectural elements that are enhanced using certain colour combinations that are matched to that of the furnishings used.

In every interior solution, Raffaello Madreperlato contributes to the illumination of the setting and highlights eventual light variations.

Wide ranging uses with high class results

Private settings and an intimate atmosphere

IDEAL USES

INTERIORS

- ANTIQUE PALACES

- PRESTIGIOUS VILLAS

- LUXURIOUS HOMES

- HOTELS AND RESTAURANTS

- JEWELLERS

- BOUTIQUES

- PUBS AND PUBLIC BUILDINGS

The value of a jewel in the midst of the home

Pearls are traditionally identified as an elegant jewel with a charming luminosity. Oikos wanted to recreate this luminosity in the formulation of Raffaello Madreperlato, a product of unquestionable prestige that transforms walls into precious jewels.

Every environment in a new light

In the images shown throughout this brochure, it is possible to see how the application of Raffaello Madreperlato is extremely versatile and perfect for bringing out the luxury in any setting whether they be of a traditional nature or more of a contemporary design.

An idea for spaces of reduced dimensions

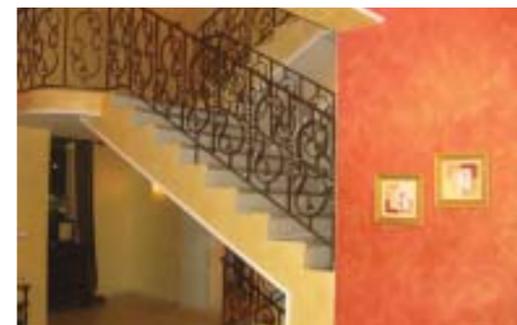

In environments of reduced dimensions and in spaces of small significance, Raffaello Madreperlato contributes to the illumination and decor, transforming small areas into precious corners.

Walls take on importance

In a refurbishing project, a wall decorated with Raffaello Madreperlato becomes the protagonist, contributing to create a style and a rich, charming atmosphere.

technical data sheet TDL/rm/01

Raffaello Madreperlato

Technical characteristics

RAFFAELLO MADREPERLATO by OIKOS is a special mother of pearl finish based on lime putty.

Applied on Raffaello Decor Stucco by OIKOS, the product guarantees the maximum level of vapour permeability and favours the natural diffusion of humidity through the plaster and the wall, thus avoiding over time, the formation of mould and algae.

It is odourless, non toxic, non inflammable and friendly to humans and the environment.

Ideal use

Decoration of walls, interior furnishings and laminated surfaces, PVC, metal and wood.

Surface preparation

Clean the surface and apply one coat of the fixative IL PRIMER by OIKOS in order to insure perfect adhesion to the surface.

Application technique

For a perfect result, the cycle requires the application of three coats using an inox steel trowel by OIKOS:

- First and second coat:

screed the surface using RAFFAELLO DECOR STUCCO by OIKOS coloured as indicated in the colour chart, in order to have a surface that is completely smooth but not shiny. Wait 6 ÷ 8 hours between coats to allow it to dry.

- Finish: proceed to spread RAFFAELLO MADREPERLATO by OIKOS in the colour indicated in the colour chart, applying the product in patches well spaced apart, thus obtaining an irregular pattern. Proceed then, after a few minutes to apply a thin veil of product over the whole surface, smoothing and shining the surface until it obtains a gold, pearlescent appearance according to the application.

The Finishes

To obtain greater impermeability and washability, after 4 ÷ 5 days apply CERA PER RAFFAELLO by OIKOS.

Technical characteristics: application

Dilution: ready to use

Yield: 10 m²/kg

Application tools: Inox steel trowel by OIKOS

Fixatives: IL PRIMER by OIKOS

Base coat: RAFFAELLO DECOR STUCCO by OIKOS

Protection: CERA PER RAFFAELLO by OIKOS

Application temperature: +5°C ÷ +36°C
(with relative humidity not exceeding 80%)

Drying time until touch dry: 1 h
(temperature = 20°C with relative humidity at 75%)

Total drying time: 20 ÷ 25 days
(temperature = 20°C with relative humidity at 75%)

Tools cleaning: water

Technical characteristics: The product

Composition: lime putty, natural additives, pearlescent components, iron oxide based inorganic pigments and coloured earth.

Specific weight: 1,2 kg/l ± 3%

pH: 12 ÷ 13

Viscosity: 30.000 ÷ 60.000 CPS Brookfield (RVT 20 revs/min. at 25°C)

Storage temperature: +2°C ÷ +36°C. Keep from freezing

Reaction to fire: negative if the product is applied on to a non flammable surface, water based material with dry thickness of less than 0,600 mm

Permeability to water vapour (SD):
0,06 m (max limit allowed 2 m, DIN 52 615)

Colours: shades of the colour chart

Packaging: kg 1 – 5 – 20

Warning: - Avoid prolonged skin contact: In the event of skin contact wash with plenty of soap and water. If the irritation persists, seek medical advice.

-Avoid contact with the eyes. In the event of accidental contact with the eyes, wash thoroughly with a sugar water solution, if the irritation persists, seek medical advice.
